Powell River Action Centre Society – Food Bank

Board Oversight of Resource Development

Policy – 2024

The Powell River Action Centre Society Food Bank will regularly review the organization's fundraising and revenue generating activities to ensure effective oversight of resource development. A minimum of quarterly reports will be presented to the board as a whole through the committee structure speaking to successes and challenges related to fundraising activities, growth in visibility of the organization, and steps taken for cost control.

At the first meeting past the AGM, once the board has elected it's executive and committee members have been established, the Chief Staff Person will report on all fundraising activities for the coming year, and through the Annual Financial Statements, will report on actual fundraising revenue and expenses for the previous fiscal year.

The Fundraising and Finance Committees will both include fundraising and resource development as a standing agenda item to discuss and report to the board as a whole, where the board will vote to approve the reports. Minutes of these meetings will be kept in the Board File as verification of oversight and resource management.
