Powell River Action Centre Society Food Bank (PRAC Food Bank)
Food Operations and Safety
Policy 2024

Food Safety – Leadership – Culture

Currently there are no minimum standards associated with this heading, therefore the PRAC Food Bank will adhere to the following:

The Powell River Action Centre Society Food Bank is committed to ensuring that a Culture of Safety is paramount in its operations. Nothing is more important than ensuring that the food we distribute is safe to eat.

The manager will take a leadership role in this and will keep all channels of communication open for all staff and volunteers to feel not only safe in the facility, but also satisfied that the food they are distributing is safe for human consumption.

As further standards are created in this area, so this policy will also be updated.
